			for Mutual Funds.
3	Debt instruments with special features AT1 & AT2 Bonds	<p>The Scheme shall invest in debt instruments with special features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption (Additional Tier 1 bonds and Tier 2 bonds issued under Basel III framework are some instruments which may have above referred special features), the following limit shall be applicable:</p> <p>a) No Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer.</p> <p>b) The scheme shall not invest –</p> <p>i. more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and</p> <p>ii. more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.</p> <p>The above investment limit for a mutual fund scheme shall be within the overall limit for debt instruments issued by a single issuer and other prudential limits with respect to the debt instruments.</p>	Para 12.2.2 of SEBI Master Circular for Mutual Funds.
4	Credit Enhancement /Structured Obligations	<p>The investment by the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the scheme:</p> <p>a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and</p> <p>b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.</p> <p>These limits shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.</p>	Para 12.3 of SEBI Master Circular for Mutual Funds.
5	Tri party Repo	Allocation may be made to TREPS from any amounts that are pending deployment or on account of any adverse market situation.	-
6	Mutual Fund Units	The scheme may invest in units of debt and liquid mutual fund schemes of Axis AMC or in the schemes of any other mutual funds in conformity with	Clause 4 of Seventh Schedule of SEBI (MF)

		the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations.	Regulations, 1996
7	Repo and Reverse repo in corporate debt securities	The Scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed by the Board of Directors of the Asset Management Company and Trustee Company.	Para 12.18 of SEBI Master Circular for Mutual Funds.

The limits given above shall be subject to Schedule VII of the Regulations / circulars issued by SEBI and shall stand revised to the extent of changes in the Regulations/ circulars from time to time.

The scheme shall not invest in below securities/instruments:

Sl. No.	Type of Instrument
1	Credit default swaps
2	Overseas Securities
3	REITS and InVITS
4	Securitized Debt

Portfolio rebalancing due to short term defensive considerations:

Subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. The Scheme may actively deviate from the stated asset allocation pattern outlined in the SID during extenuating circumstances. These instances may be beyond the control of the fund manager & the AMC and hence may require such deviations. Such changes in the investment pattern will be transitional in nature and will be undertaken as defensive considerations only in accordance with Para 1.14.1.2 of SEBI Master circular for Mutual Fund and as amended from time to time. Defensive considerations may be determined by the fund manager and /or AMC from time to time. In case of deviations on account of exogenous factors the fund manager will endeavour to rebalance the Scheme within 30 calendar days from the date of such deviation. The intention being at all times to seek to protect the interests of the Unit holders.

Portfolio rebalancing due to passive breaches:

In case of passive deviation from the asset allocation pattern or various prudential limits prescribed under SEBI (Mutual funds) regulations, 1996 and circulars issued thereunder the AMC shall follow process specified in Para 2.9 of SEBI Master circular for Mutual Fund as amended from time to time. In line with the circular, in the event of deviation from the mandated asset allocation limits mentioned in the SID or the prudential limits due to passive breaches such as corporate action, substantial rise/ fall in the price of an underlying scrip, maturity of any underlying security, large redemptions, etc., the portfolio would be rebalanced within 30 business days from the date of deviation. Where the portfolio is not rebalanced within mandated timelines, justification in writing including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of the Scheme is not rebalanced within aforementioned mandated plus extended timelines AMC shall adhere to the requirements as laid down in the aforesaid SEBI circular. However, at all times, the portfolio will adhere to the overall investment objective of the scheme.

Investment Strategy	<p>The scheme follows an active investment strategy.</p> <p>The Scheme will aim to generate credit risk-free returns through investments in sovereign securities issued by the Central Government and/or State Government.</p> <p>The Scheme shall invest in Government Securities, which provide reasonable returns generally construed to be without any Credit Risk. The Scheme shall invest in various State and Central Government securities including securities which are supported by the ability to borrow from the treasury or supported only by the sovereign guarantee or of the state government or supported by GOI /state government in any other way as may be permitted by SEBI. It may also invest in repos/ reverse repos in such securities, as and when permitted by RBI.</p> <p>The Scheme will also invest in money market securities from time to time upto the prescribed limit. Investment views/decisions will be based on analysis of macro-economic factors to estimate the direction of interest rates and level of liquidity and will be taken on the basis of factors like, prevailing interest rate scenario, Government borrowing program, level of liquidity in the banking system, inflation level, returns offered relative to alternative investments opportunities, quality of the security/instrument, maturity profile of the instrument, liquidity of the security and any other factor considered relevant in the opinion of the fund manager.</p> <p>The Scheme will purchase securities in the public offerings, as well as those traded in the secondary markets. On occasions, if deemed appropriate, the Scheme may also participate in auction of Government Securities. The Mutual Fund will seek to underwrite issuance of Government Securities if and when permitted by SEBI/RBI and subject to the prevailing rules and regulations specified in this respect and may also participate in their auction from time to time.</p> <p>The Scheme may also use derivatives instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time for the purpose of hedging and portfolio balancing within the limits permitted by the Regulations from time to time.</p> <p>For detailed derivatives strategy, refer to the SID.</p>
Risk Profile of the Scheme	<p>Mutual Fund units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment.</p> <p>Scheme specific Risk Factors are summarized below:</p> <p>The scheme carries risks associated with investing in Government Securities, Treasury Bills, Repo & Triparty Repos, short selling, debt instruments having credit enhancements and securities lending.</p> <p>Investment in mutual fund units involves investment risks such as interest rate risk, re-investment risk, liquidity risk, etc. Also, the value of the Scheme investments may be affected by changes in law/policies of the government, taxation laws and political, economic or other developments.</p> <p>Investments in debt and money market instruments are subject to interest rate risk, re-investment risk, basis risk, credit risk, spread risk, prepayment risk, creation of segregated portfolio, etc.</p> <p>Backstop facility in form of investment in Corporate Debt Market Development Fund (CDMDF): CDMDF is set up as a scheme of the Trust registered as an Alternative Investment Fund ('AIF') in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012 ("AIF Regulations"). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility to instill confidence amongst the market participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. In times of market dislocation, CDMDF shall purchase and hold eligible corporate debt securities from the participating investors (i.e., specified open ended MF schemes to</p>

	<p>begin with) and sell as markets recover. The CDMDf will thus act as a key enabler for facilitating liquidity in the corporate debt market and to respond quickly in times of market dislocation. The trigger and period for which the backstop facility will be open shall be as decided by SEBI. Thus this backstop facility will help fund managers of the aforementioned Schemes to better generate liquidity during market dislocation to help the schemes fulfil liquidity obligations under stress situation.</p> <p>Investors are requested to read detailed disclosure on investment of the schemes in the CDMDf as mentioned in relevant section of SID.</p>											
Risk Mitigation strategies	<p>The Scheme invests predominantly in government securities which are actively traded and thereby liquid. The portfolio will be actively managed, based on the interest rate view, shape of the yield curve and the spread between the corporate bonds and gilt securities. This could lead to high turnover in the portfolio to help achieve the investment objective of the Scheme. However, reasonable investments can be made at the shorter end of the yield curve and in the on-the-run securities which are the most actively traded segment in the secondary market. This would help to manage liquidity requirement of portfolio.</p> <p>For more details, please refer SID.</p>											
Creation of Segregated Portfolio	<p>In case of credit event, the Scheme may create segregated portfolio of debt and money market instruments in terms of applicable SEBI regulations/ circulars. For Details, kindly refer SAI.</p>											
Plans and Options	<p>Plans</p> <ol style="list-style-type: none"> 1. Axis Gilt Fund - Regular Plan 2. Axis Gilt Fund - Direct Plan <p>Each plan offers the following options:</p> <ul style="list-style-type: none"> • Growth option • Income Distribution cum Capital Withdrawal (IDCW) option <table border="1"> <thead> <tr> <th>Options</th> <th>Sub-options</th> <th>Record date*</th> </tr> </thead> <tbody> <tr> <td>Growth</td> <td>Nil</td> <td>NA</td> </tr> <tr> <td rowspan="2">IDCW</td> <td>Regular (payout and reinvestment)</td> <td>25th of every month</td> </tr> <tr> <td>Half yearly (payout and reinvestment)</td> <td>25th of March and September</td> </tr> </tbody> </table> <p>* Next business day if record date happens to be a non business day.</p> <p>Default Option</p> <p>The investor must clearly specify his choice of option/facility. In the absence of such clear instruction, it will be assumed that the investor has opted for 'default' option / facility and the application will be processed accordingly. Expenses of the Scheme
For Continuous Offer

(i). Load Structure

Exit load : NIL

The above mentioned load structure shall be equally applicable to the special products such as SIP, STP, SWP, etc. offered under the Scheme.

For switches within the Scheme from Regular to Direct Plan or vice versa, no exit load shall be charged

No load shall be levied on switches between options and sub-options of the Scheme. Also, units allotted on reinvestment of IDCW shall not be subject to load.

Entire exit load (net of Goods and Service Tax (GST)) charged, if any, shall be credited to the Scheme.

As per para 10.4 of SEBI Master Circular for Mutual Funds prescribes that there shall be no entry load for all Mutual Fund schemes. The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder (AMFI registered Distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

The Trustee / AMC reserve the right to change/ modify the Load Structure from a prospective date.

(ii) Recurring expenses

The recurring expenses of the Scheme (including the Investment Management and Advisory Fees) shall be as per the limits prescribed under the SEBI (MF) Regulations. These are as follows:

Assets under management Slab (In Rs. crore)	Total expense ratio limits
On the first Rs. 500 crores of the daily net assets	2.00%
On the next Rs. 250 crores of the daily net assets	1.75%
On the next Rs. 1250 crores of the daily net assets	1.50%
On the next Rs. 3000 crores of the daily net assets	1.35%
On the next Rs. 5000 crores of the daily net assets	1.25%
On the next Rs. 40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof.
On the balance of the assets	0.80%

In addition to the limits as specified above, expenses as permissible under Regulation 52 of SEBI (MF) Regulations and as prescribed by SEBI from time to time shall be charged to the Scheme. The maximum limit of recurring expenses that can be charged to the Scheme would be as per Regulation 52 of the SEBI (MF) Regulation, 1996. For details of such expenses please refer the SID of the Scheme.

	<p>Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of Units will be paid/ charged under Direct Plan.</p> <p>Investors can refer 'Total Expense Ratio of Mutual Fund Schemes' section on https://www.axismf.com/total-expense-ratio for Total Expense Ratio (TER) details.</p> <p>Actual expense for the financial year ended March 31, 2025 (Audited): Regular Plan: 0.80%** , Direct Plan: 0.40%**</p> <p>**Includes Total Expense Ratio permissible under regulation 52(6)(c), Additional expenses under Regulation 52(6A)(c) and includes GST on Investment Management fees.</p>
