**Portfolio rebalancing due to short term defensive considerations:**

Subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. The Scheme may actively deviate from the stated asset allocation pattern outlined in the SID during extenuating circumstances. These instances may be beyond the control of the fund manager & the AMC and hence may require such deviations. Such changes in the investment pattern will be transitional in nature and will be undertaken as defensive considerations only in accordance with Para 1.14.1.2 of SEBI Master circular for Mutual Fund and as amended from time to time. Defensive considerations may be determined by the fund manager and /or AMC from time to time. In case of deviations on account of exogenous factors, the fund manager will endeavour to rebalance the Scheme within 30 calendar days from the date of such deviation. The intention being at all times to seek to protect the interests of the Unit holders.

	<p><b>Portfolio rebalancing due to passive breaches:</b>  In case of passive deviation from the asset allocation pattern or various prudential limits prescribed under SEBI (Mutual funds) regulations, 1996 and circulars issued thereunder the AMC shall follow process specified in Para 2.9 of SEBI Master circular for Mutual Fund as amended from time to time. In line with the circular, in the event of deviation from the mandated asset allocation limits mentioned in the SID or the prudential limits due to passive breaches such as corporate action, substantial rise/fall in the price of an underlying scrip, maturity of any underlying security, large redemptions, etc., the portfolio would be rebalanced within 30 business days from the date of deviation. Where the portfolio is not rebalanced within mandated timelines, justification in writing including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of the Scheme is not rebalanced within aforementioned mandated plus extended timelines AMC shall adhere to the requirements as laid down in the aforesaid SEBI circular. However, at all times, the portfolio will adhere to the overall investment objective of the scheme.</p>
<p><b>Investment Strategy</b></p>	<p>The scheme follows an active investment strategy.</p> <p>The Scheme aims to provide long-term capital growth by investing in a diversified portfolio of equity &amp; equity related securities with an underlying manufacturing theme.</p> <p>In the new normal, global firms are increasingly diversifying production bases and the markets they serve with an emphasis on profitability and regulatory risk. The objective is to bring in resilience in supply chains. Several global corporations in the automotive, electronics, engineering, food processing, chemicals and healthcare sectors have set up large manufacturing operations in India. This has been further accelerated by the government's thrust on domestic manufacturing.</p> <p>The resulting developments have created a manufacturing ecosphere of global and homegrown manufactures, suppliers, and service providers who in-turn have built supply bases in India aimed at catering to global and domestic demand. The scheme aims to invest in listed companies that manufacture goods and that have/will have manufacturing facilities.</p> <p>The Scheme also aims to invest in such companies that are likely to benefit from government incentives &amp; the entire manufacturing opportunity available in India. In addition to benefits accruing from the governments thrust on the manufacturing theme such companies can leverage the relative attractiveness of India as a manufacturing destination to cater to global demands for manufactured goods. Manufacturing in India will also create opportunities for import substitution.</p> <p>The Scheme will invest across market capitalization. The Scheme may also invest in sectors which offer allied services associated with the entire manufacturing lifecycle. The universe of the Scheme may also contain companies listed in India and having manufacturing facilities outside India.</p> <p>For determining list of the companies eligible under manufacturing theme the AMC will consider the basic Industry list published by NSE Indices for NIFTY India Manufacturing. Please refer current link "<a href="https://www.niftyindices.com/Methodology/Method_NIFTY_Equity_Indices.pdf">https://www.niftyindices.com/Methodology/Method_NIFTY_Equity_Indices.pdf</a>" for index methodology document published by NSE Indices.</p> <p>The fund manager may at his discretion invest up to 20% of the scheme assets outside the Manufacturing theme based on his assessment of the investment opportunities.</p> <p>For details on derivative strategy, kindly refer section – I Part – II C of the SID of the Scheme.</p>

<b>Risk Profile of the Scheme</b>	<p>Mutual Fund units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment.  <b>Scheme specific Risk Factors are summarized below:</b></p> <p>The scheme carries risks associated with investing in, equities, fixed income securities, securitized debt, derivatives, repo transactions in Corporate Bonds, REITs, InvITs etc.</p> <p>Investment in mutual fund units involves investment risks such as trading volumes, settlement risk, liquidity risk and default risk. Trading volume may restrict liquidity. The AMC may choose to invest in unlisted securities which may increase the risk on the portfolio. Also, the value of the Scheme investments may be affected by currency exchange rates, changes in law/policies of the government, taxation laws and political, economic or other developments.</p> <p>Investments in debt and money market instruments are subject to interest rate risk, re-investment risk, basis risk, credit risk, spread risk, prepayment risk, creation of segregated portfolio, debt instruments having credit enhancements, etc.</p>
<b>Risk Mitigation Strategies</b>	<p>Risk management is going to be an integral part of the investment process. Effective risk management is critical to fund management for achieving financial soundness. Investments by the Scheme shall be made as per the investment objectives of the Scheme and provisions of the Regulations.</p>
<b>Creation of Segregated Portfolio</b>	<p>The Scheme has provision for segregated portfolio. For details, kindly refer SID &amp; SAI.</p>
