Such Investment shall not exceed upto 50% of the Net Assets of the Scheme in accordance with guidelines issued by SEBI and RBI.	Para 12.19 of SEBI Master Circular for Mutual Funds.
5.	ReITS and InVITS	Upto 10% of the net assets of the Scheme.	Para 12.21 of SEBI Master Circular for Mutual Funds.
6.	Debt instruments with special features AT1 & AT2 Bonds	<ol style="list-style-type: none"> No Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer. The scheme shall not invest – <ol style="list-style-type: none"> more than 10% of its NAV of 	Para 12.2.2 of SEBI Master Circular for Mutual Funds.

		<p>the debt portfolio of the scheme in such instruments; and</p> <p>ii. more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.</p> <p>The above investment limit for a mutual fund scheme shall be within the overall limit for debt instruments issued by a single issuer and other prudential limits with respect to the debt instruments.</p>	
7.	Credit Enhancement /Structured Obligations	<p>The investment by the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the scheme:</p> <p>a) Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and</p> <p>b) Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.</p> <p>These limits shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008. The Scheme shall invest in abovementioned securities within such limits as may be revised by SEBI from time to time</p>	Para 12.3 of SEBI Master Circular for Mutual Funds.
8.	Tri party Repo	Allocation may be made to TREPS from any amounts that are pending deployment or on account of any adverse market situation.	-
9.	Mutual Fund Units	The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI MF Regulations.	Clause 4 of Seventh Schedule of SEBI (MF) Regulations.
10.	Repo and Reverse repo in corporate debt securities	The Scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such	Para 12.18 of SEBI Master Circular for Mutual Funds

		investment shall be made subject to the guidelines which may be prescribed by the Board of Directors of the Asset Management Company and Trustee Company.	
11.	Covered Call	As per regulatory limit	Para 12.25.8 of SEBI Master Circular for Mutual Funds

The limits given above shall be subject to Schedule VII of the Regulations / circulars issued by SEBI and shall stand revised to the extent of changes in the Regulations/ circulars from time to time.

The Scheme shall not invest in following Instruments:

Sl. No.	Type of Instrument
1	Credit default swaps

Portfolio rebalancing due to short term defensive considerations:

Subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. The Scheme may actively deviate from the stated asset allocation pattern outlined in the SID during extenuating circumstances. These instances may be beyond the control of the fund manager & the AMC and hence may require such deviations. Such changes in the investment pattern will be transitional in nature and will be undertaken as defensive considerations only in accordance with Para 1.14.1.2 of SEBI Master circular for Mutual Fund and as amended from time to time. Defensive considerations may be determined by the fund manager and /or AMC from time to time. In case of deviations on account of exogenous factors, the fund manager will endeavour to rebalance the Scheme within 30 calendar days from the date of such deviation. The intention being at all times to seek to protect the interests of the Unit holders.

Portfolio rebalancing due to passive breaches:

In case of passive deviation from the asset allocation pattern or various prudential limits prescribed under SEBI (Mutual funds) regulations, 1996 and circulars issued thereunder, the AMC shall follow process specified in Para 2.9 of SEBI Master circular for Mutual Fund as amended from time to time. In line with the circular, in the event of deviation from the mandated asset allocation limits mentioned in the SID or the prudential limits due to passive breaches such as corporate action, substantial rise/fall in the price of an underlying scrip, maturity of any underlying security, large redemptions, etc., the portfolio would be rebalanced within 30 business days from the date of deviation. Where the portfolio is not rebalanced within mandated timelines, justification in writing including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of the Scheme is not rebalanced within aforementioned mandated plus extended timelines AMC shall adhere to the requirements as laid down in the aforesaid SEBI circular. However, at all times, the portfolio will adhere to the overall investment objective of the scheme.

Investment Strategy

The scheme follows an active investment strategy.

The scheme aims to generate long term capital appreciation along with current income by investing in a mix of Equity and Equity related securities, debt securities and money market instruments.

	<p>Fixed Income Instruments: The scheme proposes to invest in a diversified portfolio of debt & money market instruments to generate income.</p> <p>The portfolio duration and credit exposures will be decided based on a thorough research of the general macroeconomic condition, political and fiscal environment, systematic liquidity, inflationary expectations, corporate performance and other economic considerations. The fund manager will keep in mind the yield structure of different asset classes as well as the kinks within a particular yield curve while making investment decisions.</p> <p>Equity and Equity Related Instruments: The equity allocation will be managed actively. The focus would be to build a diversified portfolio of strong growth companies, reflecting our most attractive investment ideas, at all points of time. The portfolio will be built utilizing a bottom-up stock selection process, focusing on appreciation potential of individual stocks from a fundamental perspective. The AMC employs a "Fair value" based research process to analyze the appreciation potential of each stock in its universe (Fair value is a measure of the intrinsic worth of a company). The universe of stocks is carefully selected to include companies having a robust business models and enjoying sustainable competitive advantages as compared to their competitors. The scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity markets. The scheme has identified the following risks and designed risk management strategies, which are embedded in the investment process to manage these risks:</p> <ul style="list-style-type: none"> i. Quality Risk - Risk of investing in unsustainable / weak companies. ii. Price Risk - Risk of overpaying for a company iii. Liquidity Risk - High Impact cost of entry and exit iv. Concentration risk - Invest across the market capitalization spectrum and industries/ sectors v. Volatility Risk - Volatility in price due to company or portfolio specific factors vi. Event Risk - Price risk due to a company / sector specific or market event <p>Cash-Futures Arbitrage: The Scheme would look for market opportunities between the spot and the futures market. The cash-futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock. The Scheme would first buy the stocks in cash market and then sell in the futures market to lock the spread known as arbitrage return. Buying the stock in cash market and selling the futures results into a hedge where the Scheme have locked in a spread and is not affected by the price movement of cash market and futures market. The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour's weighted average trade of the cash market. Thus there is a convergence between the cash market and the futures market on expiry. This convergence helps the fund to generate the arbitrage return locked in earlier. However, the position could even be closed earlier in case the price differential is realized before expiry or better opportunities are available in other stocks. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of capital. The Scheme may also enter into reverse arbitrage strategies, i.e., if futures were quoting at a discount, futures would be bought and shares would be sold to lock in an arbitrage profit.</p> <p>For details on derivative strategy, kindly refer section – I Part – II C of the SID of the Scheme.</p>
<p>Risk Profile of the Scheme</p>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific risk factors are summarized below:</p>

	<p>The scheme carries risks associated with investing in equity and equity related securities, derivatives, debt and money market securities, securitized debt, debt instruments having credit enhancements, short selling and securities lending.</p> <p>No assurance can be given that the Fund Manager will be able to locate investment opportunities or to correctly exploit price discrepancies in the capital markets. Reduction in mis-pricing opportunities between the cash market and Future and Options market may lead to lower level of activity affecting the returns.</p> <p>In case of a large redemption, the scheme may need to reverse the spot-futures transaction before the date of futures' settlement. This eventuality may lead to basis risk.</p> <p>Investment in mutual fund units involves investment risks such as trading volumes, settlement risk, liquidity risk and default risk. Trading volume may restrict liquidity. The AMC may choose to invest in unlisted securities which may increase the risk on the portfolio. Also, the value of the Scheme investments may be affected by currency exchange rates, changes in law/policies of the government, taxation laws and political, economic or other developments.</p> <p>Investments in debt and money market instruments are subject to interest rate risk, re-investment risk, basis risk, credit risk, spread risk, prepayment risk, creation of segregated portfolio, etc.</p>												
<p>Risk Mitigation strategies</p>	<p>The Scheme also relies on its own research as well as third party research. This involves one-to-one meetings with the managements, attending conferences and analyst meets and also tele-conferences. The analysis will focus, amongst others, on the predictability and strength of cash flows, value of assets, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, etc.</p>												
<p>Creation of Segregated Portfolio</p>	<p>In case of credit event, the Scheme may create segregated portfolio of debt and money market instruments in terms of applicable SEBI regulations/ circulars.</p>												
<p>Plans and Options</p>	<p>Plans</p> <ol style="list-style-type: none"> 1. Axis Aggressive Hybrid Fund - Regular Plan 2. * If the IDCW payable under the Regular IDCW option - Payout facility is equal to or less than Rs. 500/-, the IDCW would be compulsorily reinvested in the option of the scheme.

@* Next business day if record date happens to be a non business day.

Eligible investors / modes for applying

All categories of investors (whether existing or new Unitholders) as permitted under the Scheme Information Document of the Scheme are eligible to subscribe under Direct Plan. Investments under Direct Plan can be made through various modes offered by the Fund for investing directly with the Fund {except Platform(s) where investors' applications for subscription of units are routed through Distributors}.

All the plans will have a common portfolio.

Default Option/Facility

The investor must clearly specify his choice of option/ facility. In the absence of such clear instruction, it will be assumed that the investor has opted for 'default' option / facility and the application will be processed accordingly. The default option / facility are:

Default Option: Growth (between Growth and IDCW)

Default sub option: Monthly (between Regular, Monthly & Quarterly)

Default Facility: IDCW Reinvestment facility (between IDCW Reinvestment and IDCW Payout facility)

For detailed disclosure on default plans and options, kindly refer SID & SAI.

Applicable NAV

Subscriptions/ Purchases including Switch - ins:

The following cut-off timings shall be observed by the Mutual Fund in respect of purchase of units of the Scheme and the following NAVs shall be applied for such purchase:

1. Where the application is received upto 3.00 pm for a Business day and funds are available for utilization before the cut-off time –the closing NAV of the Business day shall be applicable;
2. Where the application is received after 3.00 pm on a Business day and funds are available for utilization on the same day or before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable;
3. Irrespective of the time of receipt of application, where the funds are not available for utilization before the cut-off time – the closing NAV of Business day on which the funds are available for utilization shall be applicable..

For determining the applicable NAV for allotment of units in respect of purchase / switch in the Scheme, it shall be ensured that:

- i. Application is received before the applicable cut-off time
- ii. Funds for the entire amount of subscription/purchase as per the application are credited to the bank account of the Scheme before the cutoff time.
- iii. The funds are available for utilization before the cut-off time.

The aforesaid provisions shall also be applicable to systematic transactions like Systematic Investment Plan, Systematic Transfer Plan, etc offered by Scheme.

	<p>Redemptions including Switch - outs: The following cut-off timings shall be observed by the Mutual Fund in respect of Repurchase of Units: 1. where the application received upto 3.00 pm – closing NAV of the day of receipt of application; and 2. an application received after 3.00 pm – closing NAV of the next Business Day. The above mentioned cut off timing shall be applicable to transactions through the online trading platform.</p> <p>The Date of Acceptance will be reckoned as per the date & time; the transaction is entered in stock exchange's infrastructure for which a system generated confirmation slip will be issued to the investor.</p>		
Minimum Application Amount/ Number of Units	Purchase	Additional Purchase	Redemption
	Rs 500 and in multiples of Re 1 thereafter	Rs 500 and in multiples of Re 1 thereafter	There will be no minimum redemption criterion
	For details of investment/transaction through SIP/STP/SWP & other facilities please refer to the SID & SAI.

Expenses of the Scheme

For Continuous Offer

(i). Load Structure

Exit load :

If redeemed / switched-out within 12 months from the date of allotment:

- For 10% of investments: NIL
- For remaining investments: 1%

If redeemed / switched-out after 12 months from the date of allotment: NIL

Units issued on reinvestment of IDCW shall not be subjected to load.

The above mentioned load structure shall be equally applicable to the special products such as SIP, switches, STP, SWP, etc. offered by the AMC. Further, for switches between the Growth and IDCW Option, no load will be charged by the scheme. For switches within the Scheme from Regular to Direct Plan or vice versa, no exit load shall be charged.

Exit load charged to the investors will be credited back to the scheme net of GST.

The Investor is requested to check the prevailing Load structure of the Scheme before investing.

Para 10.4 of Master Circular for Mutual Funds dated May 19, 2023 and as amended from time to time has decided that there shall be no entry Load for all Mutual Fund Schemes. The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder (AMFI registered Distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

The recurring expenses of the Scheme (including the Investment Management and Advisory Fees) shall be as per the limits prescribed under the SEBI (MF) Regulations. These are as follows:

(ii)Recurring expenses

Assets under management Slab (In Rs. crore)	Total expense ratio limits
On the first Rs. 500 crores of the daily net assets	2.25%
On the next Rs. 250 crores of the daily net assets	2.00%
On the next Rs. 1250 crores of the daily net assets	1.75%
On the next Rs. 3000 crores of the daily net assets	1.60%
On the next Rs. 5000 crores of the daily net assets	1.50%
On the next Rs. 40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof.
On the balance of the assets	1.05%

In addition to the limits as specified above, expenses as permissible under Regulation 52 of SEBI (MF) Regulations and as prescribed by SEBI from time to time shall be charged to the Scheme. The maximum limit of recurring expenses that can be charged to the Scheme would be as per Regulation 52 of the SEBI (MF) Regulation, 1996. For details of such expenses please refer the SID of the Scheme.

	<p>Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of Units will be paid/ charged under Direct Plan.</p> <p>Investors can refer 'Total Expense Ratio of Mutual Fund Schemes' section on https://www.axismf.com/total-expense-ratio for Total Expense Ratio (TER) details.</p> <p>Actual expense for the half-year ended March 31, 2025 (Audited): Regular Plan: 2.16%** , Direct Plan: 1.08%**</p> <p>**Includes Total Expense Ratio permissible under regulation 52(6)(c), Additional expenses under Regulation 52(6A)(c) and includes GST on Investment Management fees.</p>
